

**LIGHTSPEED**  
KAYAKS

# Quantum

**1-250-586-0800**

**[www.lightspeedkayaks.com](http://www.lightspeedkayaks.com)**

*All Lightspeed kayaks have Keelgaud™ Strips fore and aft to protect your investment while loading, beaching, landing, or dragging your kayak. Made of Delrin™, think cutting board material, Keelgaud™ strips are a long lasting money saving and boat preserving feature.*

*Sportrek™ Rudder: The ONLY balanced foil rudder in the kayaking world provides unsurpassed efficiency, handling, and control. The Sportrek™ retracts internally, can function as a skeg, kicks up on impact, and has single line deployment. Nothing will speed your journey like a Sportrek™ Rudder.*

*Real Rubber handles are soft and comfortable. A forward day locker for valuables, accessibility, beefy U-bolt lock anchors show our commitment to detail and function in our designs.*

*Specifications:  
Length: 19' 10"  
Width: 21"  
Weight: 58lbs  
Hatches: 16"x9", 18"x8" & 6" round  
Layup: Propriety Kevlar™ and fiberglass standard*

*Quantum from Lightspeed kayaks: Welcome to the new millennium!*

*Get ready to rock! The Quantum is a leap forward in high speed kayak technology. A narrow rockered hull provides unsurpassed speed, handling, and control. A "sweet" spot under the paddler gives unexpected initial stability for a craft of this beam. Added to this is the high performance Sportrek™ rudder providing unequalled efficiency in directional performance. Less work correcting and more power to move where you want. Loaded with features that no other kayaks have the Quantum is for the discerning paddler.*
