

**LIGHTSPEED**  
KAYAKS

**Phantom**

**1-250-586-0800**

**[www.lightspeedkayaks.com](http://www.lightspeedkayaks.com)**

*All Lightspeed kayaks have Keelgaurd™ Strips fore and aft to protect your investment while loading, beaching, landing, or dragging your kayak. Made of Delrin™, think cutting board material, Keelgaurd™ strips are a long lasting money saving and boat preserving feature.*

*Sporttrek™ Rudder: The ONLY balanced foil rudder in the kayaking world provides unsurpassed efficiency, handling, and control. The Sporttrek™ retracts internally, can function as a skeg, kicks up on impact, and has single line deployment. Nothing will speed your journey like a Sporttrek™ Rudder.*

*Real Rubber handles are soft and comfortable. A forward day locker for valuables, accessibility, beefy U-bolt lock anchors show our commitment to detail and function in our designs.*

*Specifications:*

*Length: 22.5'*

*Width: 27"*

*Weight: 97lbs*

*Hatches: 22"x16", 16" round, 18"x9" & 6" round*

*Layup: Propriety Kevlar™ and fiberglass standard*

*The Phantom has been repeatedly described as the best handling double on the water. A narrower rockered hull provides unsurpassed speed, handling, and control, while still providing ample initial stability and a light playful feel. Added to this is the high performance Sporttrek™ Rudder providing unequalled efficiency in directional performance. Less work correcting and more power to move where you want to go. Loaded with features that no other kayaks have the Phantom is a craft for the discerning paddler.*
